Meeting the educational needs of Eastern Kentucky while striving to constantly improve the quality of its public service, economic development and applied research programs are the primary objectives of Morehead State University.

Historically the University traces its lineage to the Morehead Normal School, which opened its doors in 1887. The private school closed in the spring of 1922 when the Kentucky General Assembly established Morehead State Normal School. The state institution accepted its first students in the fall of 1923 and graduated its first class in 1927. Name changes occurred in 1926 when "and Teachers College" was added, again in 1930 when it was shortened to Morehead State Teachers College, again in 1948 when "Teachers" was dropped and, finally, to university status in 1966. Twelve men, starting with Dr. Frank C. Button, have served as president. Dr. Ronald G. Eaglin assumed office as the 12th president on July 1, 1992.

Academically, the University offers 72 undergraduate degree programs, including 15 associate level degrees and 10 pre-professional programs in four colleges -- Business, Education and Behavioral Sciences, Humanities, and Science and Technology -- and 21 academic departments. There are 24 graduate degree programs plus 2 graduate level non-degree programs designed especially for professional educators. A post-master's level degree, education specialist, and a joint doctoral program with the University of Kentucky also are offered on the MSU campus.

Classes also are conducted in Ashland, Jackson, Maysville, Pikeville, Prestonsburg, West Liberty, Whitesburg and other locations. Extended campus centers located in Ashland, Prestonsburg, and West Liberty are staffed with full-time personnel.

Additionally, the University offers a number of distance learning courses throughout the region via internet and interactive compressed video.

Physically, the University is located in the foothills of the Daniel Boone National Forest in Rowan County. The nearly 500-acre main campus within the city limits of Morehead includes more than 50 major structures with a total replacement value of more than \$144 million. Beyond the city, the University's real estate holdings include the 320-acre Derrickson Agriculture complex and a nine-hole golf course. The instructional plant includes 120 class rooms and 112 laboratories. Housing facilities include space for approximately 3400 single students and 178 families. Fiscally, the University currently operates on an annual budget of \$66.6 million with about \$34.6 million provided by the state and \$32 million coming from tuition/fees and other sources. Additionally, grants and contracts from external sources for research, service and academic/student support projects generate about \$7 million each year. Private giving to the University, mainly through the MSU Foundation, Inc., exceeds \$1.7 million annually.

Statistically, the University has awarded more than 40,000 degrees, has an average fall enrollment of approximately 8,400 and more than 980 full-time employees. The student body represents 99 Kentucky counties, 38 other states and 33 foreign countries. The University attracts more than 55,000 visitors each year and its economic impact, directly and indirectly, on the Morehead area is estimated at more than \$70 million yearly.

Administratively, the University is governed by an 11-member Board of Regents with eight citizens appointed by the governor and three seats held by the elected faculty, staff and student representatives. Management of the institution is vested primarily in four divisions -- Academic Affairs, Administration and Fiscal Services, Student Life and University Advancement. Each is headed by a vice president.

Athletically, the University sponsors 18 intercollegiate sports for men and women in accordance with the regulations of the Ohio Valley Conference and Division I of the National Collegiate Athletic Association. Intramural athletics are involved with 20 teams and individual sports.

The former head football coach at Union College and assistant head coach and defensive coordinator at MSU spent one season (1994) as interim head coach before taking over on a full-time basis Dec. 1, 1994.

He has done a tremendous job in four seasons, taking an MSU program in transition and ravaged by transfers following the departure of the previous coaching staff, and leading the Eagles to a 6-4 in 1996 and a 7-3 record in 1997, MSU's first back-to-back winning seasons since 1970-71.

A 40-year old native of Davidson, N.C., Ballard compiled a 35-25-1 record in his six seasons (1988-93) directing the Union football program. He led Union to its best single season record and to the institution's first Mid-South Football Conference championship. He was named Mid-South and

NAIA District 32 Coach of the year in 1992.

He was on the MSU football staff for four seasons (1984-87) before accepting the head coaching position at Union.

Ballard was a four-year (1980-83) offensive/defensive coordinator at Georgetown College and spent one season (1979) as an assistant at Gardner-Webb.

A graduate of North Mecklenburg High School in Charlotte, he earned a bachelor's degree from Gardner-Webb in 1979 and a master's degree from Georgetown in 1980.

Ballard was pleased to return to the MSU campus and rebuild the program on a long-term basis.

"Our goals are simple," Ballard said. "We want to have a program that is first class. We will work to have a football program that meets the total needs of the student-athlete, to see that each young man will continue through our program and earn his degree. We will move toward a character-building program through our coaching and recruiting that will enable us to compete at the highest level and have fun doing it."

Ballard and his wife, the former Brenda Harwood, have a 15-year old son, Matthew.

Position Analysis

Dinkins has the edge at quarterback, but he should get a strong test from Evansville transfer **Drew Purcell** (6-4, 191, Jr.) from nearby Fleming County High School. Purcell saw extensive action in two seasons for Evansville, playing more than 1,200 snaps. Veteran squad member **Kevin Moeller** (6-5, 209, Jr.) and newcomer **Doug Biehler** (6-0, 205, Fr.) will provide depth.

Stegeman returns with some experience at fullback. Returning squad member **Jay Bradley** (6-2, 195, Jr.) and several newcomers, headed by **Nicholas Wooldridge** (5-10, 196, Fr.) will also contend for playing time.

Only **Stennett** returns with experience at halfback. He will start at one of the halfback spots. **Matthew Shugart** (5-11, 177, Fr.) is a talented newcomer. **Wooldridge** may split time between fullback and halfback. **Camron Dinkel** (6-0, 196, Fr.), brother of punter/kicker Todd Dinkel, and **Chris Gatewood** (5-10, 178, Fr.) will contend for playing time.

Athletic Facilities, Academic Opportunities

Jayne Stadium seats 10,000 fans and has press box facilities to handle more than 75 members of the news media. The main Eagle athletic training room is located at the Northwest corner of the stadium. The Phil Simms Weight Training Facility is located in the Northeast corner of the stadium. Morehead State University offers a variety of academic opportunities and outstanding instruction, from hands-on research facilities and modern computer laboratories to award-winning professors.

Part of the Pageantry

Always a part of Eagle football games are the MSU cheerleaders and marching band. MSU's co-ed cheerleading squad has won nine national championships, including eight in a row. The all-girl squad won its first national championship last January. Both squads are pictured above with their trophies at the MGM Studios in Walt Disney World. The marching band program and all music programs at the University are highly rated. The band will present pre-game and halftime shows throughout the season.

OVC Sportsmanship Statement

General. The Ohio Valley Conference is committed to establishing sportsmanship and developing healthy environments for competition. This conference wants to lead the way in abolishing the notion that it is desirable to create a "hostile" environment for intercollegiate athletic contests. Instead, we will strive to create "hospitable" environments. We believe that part of the role of education through sports is to teach our youth and our communities to conduct themselves with sportsmanship and respect for opponents.

In an effort to achieve this goal, the Conference has developed this statement which outlines the expectations of the various groups and individuals associated with our intercollegiate athletics program.

Administration. It is incumbent upon institutional administrators to create an environment of hospitality for visiting teams, particularly for those individuals at Conference institutions. OVC administrators must develop the attitude that the treatment of a visiting team and its fans will be in the same manner that they would want their teams to be treated.

The athletics director at the host institution must ensure that he or she, or someone else designated as game manager, approaches the coach of the opposing team at a spectator event in order to welcome that coach to the institution, provided an opportunity for the coach to address and concerns, indicate the location of the game manager in the arena or stadium and identify security personnel to ensure that the visiting team is protected from abuse from the home crowd and that security is in very close proximity to the visiting team's bench. Each institution must arrange its seating at spectator events so as to emphasize sportsmanship and minimize the harassment of the visiting team and its fans.

The athletics director must ensure that those who are employed by the university treat the opponents with fairness and respect. For example, public address announcers must be required to announce the contest in an evenhanded manner with equal excitement for both teams. The institution's chief executive officer and athletics director should review periodically with other athletics department staff members, coaches, student-athletes and spirit groups (cheerleaders and bands) precisely what is acceptable conduct, as set forth in this document.

Coaches. Coaches have the greatest amount of influence over whether the young people in their programs are taught and follow the high principles of sportsmanship. The OVC has been benefited by coaches who have risked losing a contest by removing student-athletes who have demonstrated disrespect for the opponents. This discipline measure educates that individual and his or her teammates about the importance of sportsmanship over participation and winning. This type of attitude and courage must be adopted by all OVC coaches. Administrators and coaches must pay special attention to their student-athletes' behavior and continually emphasize the need for sportsmanship and respect. Such education is needed to counteract the constant messages received by our young people from many professional athletes and others who demonstrate a lack of respect for opponents. This Conference and its coaches are committed to teach messages that are appropriate about sportsmanship.

Coaches also have the ability to influence the behavior of their fans. OVC coaches must take every opportunity when addressing the media, booster groups or other public forums to express the desire for fans to support their team at home contests, but not to abuse the visiting team. Coaches and administrators should stress that the participants in our athletics contests are young people who do not deserve to be mistreated by a hostile crowd.

Student-Athletes. Respect for the game in which the student-athlete participates also demands respect for the opponent. Student athletes at OVC institutions are expected to treat opponents with sportsmanship. There can be no tolerance for taunting and baiting of opponents.

OVC student-athletes must understand that they are perhaps the most visible representatives of their institutions. Also, their behavior is observed and emulated by many who are younger. OVC

student-athletes must honor the responsibilities that accompany the privilege of representing our schools by behaving with dignity and class on and off the field.

Spirit Groups. Like our student-athletes, these groups are visible representatives of our universities. As such, we place high expectations on them for decent behavior. Cheerleaders, bands and other spirit groups are admitted to contests at the pleasure of our institutions to support their teams and assist in creating a fun atmosphere. They are not admitted in order to disrupt or confront the opponent and such behavior will not be tolerated. Their focus must be toward encouragement of their team and respect for the opposing team.

Officials. Officials who are assigned Conference contests must enforce the rules regarding sportsmanship, without tolerance for abuse. The only warning to participants and coaches regarding sportsmanship should come at the beginning of the contest. Once the contest begins, penalties (consequences), not warning, must be assessed for violations of unsportsmanlike conduct. Similar to the baseball policy of ejecting coaches for arguing balls and strikes, the Conference will require that officials eject any coach who protests unsportsmanlike conduct calls, provided such ejection is permissible to the rules of that sport.

Each official assigned by the OVC will be provided a card with the following statement which must be read to the captains and coaches of every contest prior to the beginning of the game: "The OVC requires officials to enforce all rules regarding unsportsmanlike conduct by coaches and players. There will not be any tolerance for negative statements or actions between opposing players, especially taunting and baiting. If such comments are heard, a penalty will be assessed immediately. If any coach protests an unsportsmanlike penalty, he or she will be ejected for the contest. We have been instructed not to issue warnings during the contests. It is strongly suggested that you remind your participants of this policy." Officials who do not follow this policy will be subject to suspension.

Commissioner. The commissioner is expected to enforce the unsportsmanlike conduct rules of the game and the Conference. He or she is authorized to assess penalties for improper behavior that is not detected or properly addressed during the contest. Institutions and their personnel are expected to fully cooperate with his or her effort to investigate possible improper behavior.

In the unfortunate event that an altercation occurs during a contest, all individuals who are on the bench are expected to remain there. It is incumbent upon the head coach to ensure that this occurs. The commissioner is directed to suspend automatically the head coach of a team whose bench personnel enter the field or court of play during an altercation, regardless of whether those individuals become involved in the altercation.

Fans. The Conference hopes and believes that the establishment of the principles outlined in this document will create a wholesome atmosphere that will attract more fans to our events. The fans attending our games must be reminded by the public address announcer of the expectations of sportsmanship and respect for both opponents.

We expect that all fans will act in an appropriate manner, and respect the opposition and the officials. We understand that occasionally there are individuals who attend games and abuse the opposition and officials. Those individuals may be dismissed from athletic events.

Concluding Statement. The Conference believes that the effort to meet the expectations outlined in this document will increase the attractiveness at our athletic events by creating a healthy environment for our competition.
